

# Associated domains

Associated domains kan användas för att ta kontroll över alla konton som har registrerats i Zoom med er domän.

## Verifiering

Det första som behöver göras är att verifiera mot Zoom att ni är ägare av domän och subdomäner.

Gå till Admin Account Management Account Profile och lägg till era domäner under *Associated domains*.

### Add Associated Domains

marine.gu.se, student.gu.se, it.gu.se

Add

Cancel

När domänerna är tillagda behöver de verifieras på något sätt.

nutrition.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
cci.sahlgrenska.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
cmp.sahlgrenska.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
genomics.sahlgrenska.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
mail.sahlgrenska.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
sahlgrenska.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
mpe.sahlgrenska.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
proteomics.sahlgrenska.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
samfak.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
sant.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
entrepreneur.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
ethnology.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
saco.fack.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
seko.fack.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
st.fack.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
lun.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>
sfipanel.gu.se (Not Verified)	<a href="#">Verify</a>	<a href="#">Delete</a>

Ett enkelt sätt att verifiera era domäner är att lägga till ett TXT record per domän.

## Verify your domain: sahlgrenska.gu.se

Choose one of the following methods to verify your domain

- ☒ Add TXT Record to your domain (Need to login your domain host)
- ☐ Upload an HTML file to your domain
- ☐ Add a <meta> tag to your domain's page
- ☐ Request manual approval from Zoom Support

När konsolideringen är klar får användaren detta mail.

## Zoom account invitation result

Zoom <no-reply@zoom.us>

Today, 2:50 PM

Your account has been switched successfully, you are now a member of the Zoom account(Göteborgs universitet (GU.se)).

Thank you for choosing Zoom.

-The Zoom Team

När vi är så här långt komna har vi möjligheten att tvinga användare att logga in med SSO och stänga av login med Facebook, Google och Apple ID. Detta görs under Admin > Advanced Security.

The screenshot shows the Zoom Admin Center interface at the URL <https://gu-se.zoom.us/account/setting/security>. The page is titled "2FA" and contains a "Sign-in Methods" section. In this section, the option "Force users to sign in with SSO if their e-mail address belongs to" is checked, with a list of domains including "arab.gu.se, gu.se". A modal dialog titled "Select Domains" is open in the foreground, displaying a list of domains to be selected for SSO. The domains listed are: adm.gu.se, african.gu.se, aikn.gu.se, ait.gu.se, akademinvaland.gu.se, allmed.gu.se, and amm.gu.se. The modal also includes "OK" and "Cancel" buttons.

PLANS & PRICING CONTACT SALES

2FA

Reset two-factor authentication for select users in your account in case of emergency

**Sign-in Methods**

**Allow users to sign in with work email**  
Enable to give users permission to sign in with entering work email

**Allow users to sign in with Single Sign-On (SSO)**  
Enabling this requires you to configure your account's [SSO settings](#) through your company's vanity URL.

☒ Force users to sign in with SSO if their e-mail address belongs to arab.gu.se, gu.se

**Allow users to sign in with Google**  
Enable to give users permission to sign in with Google

**Allow users to sign in with Facebook**  
Enable to give users permission to sign in with Facebook

**Allow users to sign in with Apple ID**  
Enable to give users permission to sign in with Apple ID

**Select Domains**  
Select which domains you want to sign in with SSO (2 / 221)

- ☐ adm.gu.se
- ☐ african.gu.se
- ☐ aikn.gu.se
- ☐ ait.gu.se
- ☐ akademinvaland.gu.se
- ☐ allmed.gu.se
- ☐ amm.gu.se

## Ändra emailadress automatiskt

Nu kan vi lägga till en inställning för att byte av epost i användarkatalogen ska slå igenom automatiskt vid SSO login i Zoom.

Gå till Admin > Advanced > Single Sign-On > SAML Respons Mapping.

I detta fallet används SAML-attributet eduPersonPrincipalName för Employee Unique ID i Zoom.

När användaren loggar in kommer detta attribut att läggas till i Zoom.

SAML Basic Information Mapping
